**Subject:** Conference Call Request - Gold King Mine CDPHE Information

Libby, Liane, and Curtis:

We are hoping to set-up a conference call with you all later today if possible to discuss information that CDPHE has developed including summarizing the sampling conducted by EPA and CDPHE, our analysis of that information, and our recommendations. We wanted to discuss this information with you all before we publish it on our website.

We are hoping to get this information out to you within the next hour so we would like to step up a call after 2:30. Please advise regarding your availability I will send out a time and a conference call number.

Thank you!

--
